About Barnes Wendling CPAs

Barnes Wendling CPAs has been serving closely-held businesses throughout Ohio since 1946. In that time, the company has helped many different and diverse business owners and individuals build and maintain their net worth. Barnes Wendling CPAs provides the traditional services expected from a CPA firm – financial statements, individual and corporate tax return preparation, accounting services – with the belief that they must go beyond just the ordinary. That's why Barnes Wendling CPAs created its unique client service objective to build and maintain its clients' net worth, called the Net Worth Planning Model. Whether the client is a for-profit enterprise or not-for-profit organization, the objective remains the same.

Barnes Wendling has offices in Akron, Cleveland, Sandusky, and Sheffield Village.
